INTRODUCTION

Acting Town Clerk, L. Hall, advised that due to the COVID-19 pandemic and Bill 187, Emergency Management Act, 2020, that the meeting would be held as an electronic meeting and open to the public through an audio broadcast. She advised Members of Council of procedural functions of the meeting.

CALL TO ORDER

Mayor A. Thompson called the meeting to order in the Council Chamber at 11:15 a.m. and expressed his deepest sympathy to the Ciasullo family on the tragic moto vehicle accident that took the lives of their loved ones, Karolina, Klara, Lilianna and Mila. He thanked the Caledon community for attending the vigil held on Sunday night and showing their support for the family.

DISCLOSURE OF PECUNIARY INTEREST

None.

Councillor J. Innis arrived remotely at 11:19 a.m.

PRESENTATIONS

SWIFT Project Update

Barry Field, Executive Director, Southwestern Integrated Fibre Technology Inc. (SWIFT), provided a presentation regarding the progress made to improve internet access across the Southwestern region of Ontario. Mr. Field provided an overview of the current situation in Caledon and advised that it will cost approximately \$40M to install fibre in all underserved roads in the Town. He indicated that SWIFT has secured \$5.2M to address some of the identified underserved areas, and a Request for Procurement was issued and is expected to close in June 2020. A Committee has been developed to review the submissions with the intention to award the contract, with work to commence in 2021. Mr. Field concluded his presentation by encouraging members of Council to continue to advocate for internet connectivity, as well as push for their share of the universal broadband fund and support all proposal from Internet Service Providers in the Town.

Members of Council asked several questions and received responses from Mr. Field.

Councillor J. Downey left the electronic meeting at 11:48 a.m. and returned at 11:50 a.m.

STAFF REPORTS

Staff Report 2020-0176: Traffic Calming Strategy was moved up on the agenda.

Moved by: Councillor L. Kiernan - Seconded by: Councillor C. Early 2020-116

That the Caledon Traffic Calming Strategy report and the final technical report, attached as Schedule A to staff report 2020-0176, be approved;

That staff evaluate, design, and implement traffic calming requests as per the guidelines outlined in the Caledon Traffic Calming Strategy; and

That staff report back to Council by the end of 2021, regarding the results of the traffic calming strategy and implementation plan.

Amendment #1

Moved by: Councillor L. Kiernan - Seconded by: Councillor C. Early

That the following paragraphs be added:

That the remaining villages and hamlets in the North West side of Caledon be designated as Community Safety Zones and staff be directed to examine the roadways within the areas and report back with the proposed segments to Council for approval in September 2020; and

That staff request that the Region of Peel consider designating the scenic route along Forks of the Credit Road as a Community Safety Zone in its entirety.

PRESENTATIONS CONTINUED

Getting to 1.5C: Modelling the Pathway to a Low-Carbon Caledon

Julia Meyer-MacLeod, Principal, Sustainability Solutions Group, provided a presentation regarding the recommendation for Caledon to get to 1.5C: Modelling the Pathway to a Low-Carbon Caledon. She advised that the purpose of the presentation and Staff Report is to receive endorsement of a greenhouse gas emissions reduction target of net zero by 2050 for the updated Community Climate Change Action Plan, Resilient Caledon. Ms. Meyer-MacLeod provided an overview of the existing emissions in Caledon and discussed an array of actions required for Caledon to reach net zero emissions by 2050. This discussion included a high-level financial analysis for Councils consideration.

Members of Council asked several questions and received a response from Ms. Meyer-MacLeod and staff.

STAFF REPORTS CONTINUED

Moved by: Councillor I. Sinclair - Seconded by: Councillor J. Downey 2020-117

That the Town adopt a community greenhouse gas (GHG) emissions reduction target of net zero by 2050 as part of the ongoing Community Climate Change Action Plan (CCCAP) update; and

That an interim 2030 community emissions reduction target be developed.

NOTICE OF MOTION

Moved by: Councillor C. Early - Seconded by: Councillor T. Rosa 2020-122

Request for Equity, Diversity and Inclusion Framework and Training

Whereas recent world events has brought attention to the systemic issue of anti-black racism and discrimination;

Whereas Caledon is a growing, diverse municipality where issues such as racism and discrimination must be immediately addressed;

Whereas many other municipalities across Ontario have established gender, diversity and inclusion goals and framework for municipal policy, program development, practices and service delivery in an effort to provide equitable outcomes for all residents and town staff;

Whereas a dedicated effort is required to continue to reduce barriers and advance equity, diversity and inclusion in a holistic manner across the Town;

Whereas the Town of Caledon has a responsibility to ensure that both staff and Council are provided education to expand their knowledge on anti-racism, diversity and inclusivity;

Now therefore be it resolved that that staff be directed to create mandatory diversity and inclusion training for all staff and members of Council to be completed by the end of 2020; such training be required as mandatory training for all new employees within the organization within six months of their official start date.

That staff be directed to secure the expertise of an external objective party to develop a framework to support initiatives regarding anti-racism, inclusivity and diversity from a policy and procedure development perspective and include specific strategies, ideas and future budget requirements to make a positive change by the end of October 2020.

That staff be directed to collaborate with our Regional partners to ensure a community based approach and a coordinated approach to public education.

That costs related to the development and immediate implementation of the program be funded from the Corporate Training account in the Human Resources division and individual departmental training accounts in the 2020 operating budget.

Subject: Agenda Item - Staff Report 2020-0176 Caledon Traffic Calming Strategy - West Caledon Traffic Group
Date: June 26, 2020 3:35:42 PM

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the contents to be safe.

We request that these comments are put on record at the June 30th Council Meeting for review and resolution please.

Thursday June 25, 2020

Good Afternoon Councillors Kiernan and Sinclair, Downey and Early and Mr. Olia.

The West Caledon Traffic group met today to review the Traffic Calming Strategy Policy. Below you will find the following comments as they relate to the groups.

From a review of the regional data it became apparent not all West Caledon communities have traffic /visitor data. We are requesting traffic studies be initiated for all communities to better understand the impact.

All groups agreed OPP presence is required to mitigate speeding and road racing. When hiring and allocating OPP staff, consideration is given to the populations of Caledon's communities. While the East side of Caledon is more densely populated, the West is not, but what is happening on the west side needs be part of the total calculation. If Belfountain may be used as an example, the resident population of Belfountain is 290. The numbers of visitors to Belfountain daily, on a weekend is 3500+, so the actual data for that day should be 3,790 not 290. The numbers of visitors to Belfountain is high and needs to be a greater priority. All communities in this group are feeling this influx.

When you look at traffic for Caledon Village, commuters play a significant role in traffic volume.

We would endorse hiring and training additional officers as the numbers of visitors to West Caledon will continue to grow.

If additional OPP staff is not an option, then all communities should be encouraged to secure Community Safety Zone status to be able to access ASE implementation.

Caledon Bylaw staff numbers also need to increase to complement efforts of OPP, parking and lower level issues can be part of this domain with acquisition of additional skills, responsibilities and conflict resolution training.

The roads of Caledon have Town, Region and MTO requirements. Is there a tool to merge the needs of all levels to make the traffic calming strategy process more fluid and less time consuming?

Regards,

West Caledon Traffic Group
