

2021 Community Green Fund Project Summaries

Organization and Project Name	Project Summary	Project Deliverables	Environment Committee Score	Environment Committee Comments
Albion Hills Community Farm (AHCF) <i>"Growing Community Gardens in Caledon to Support Climate Resilience, Pollinators and Local Food"</i>	Install community butterfly pollinator gardens throughout Caledon and a food forest garden at the AHCF. The community will be engaged as part of the planting process and AHCF will deliver workshops and develop educational materials.	<ul style="list-style-type: none"> • Champion at least twelve (12) community butterfly pollinator gardens with twenty (20) native plants; • Develop a food forest garden with at least one hundred (100) trees, bushes and plants; • Engage at least one hundred and fifty (150) people who will actively participate in the planting of the gardens and host twelve (12) pollinator planting workshops; • Contribute to Caledon being designated as a Butterfly Way by the David Suzuki Foundation. 	16.67	<ul style="list-style-type: none"> • Recommend for full project funding
Community Climate Council (CCC) <i>"Community Climate Council Caledon Outreach Project"</i>	Engage Caledon residents of all ages to learn more about the environment and how they can help mitigate climate change impacts.	<ul style="list-style-type: none"> • Four (4) webinars to Caledon residents; • Film and release three (3) virtual field trips for Caledon youth; • Goal of engaging between 90-135 residents throughout the project. 	15.83	<ul style="list-style-type: none"> • Recommended for partial funding • Application received fewer points on engagement of the community and monitoring/evaluation plan categories. The Environment Committee would have liked to see more details on commitment from project partners, and project metrics that are being tracked.
EcoCaledon <i>"Take 5 for the Earth"</i>	Develop an educational program and curriculum for up to 5 classrooms on	<ul style="list-style-type: none"> • Onboard up to five (5) schools and one participating classroom from each school; 	14.83	<ul style="list-style-type: none"> • Recommended for partial funding • Application receives fewer points on project timeline, meaningful and measurable results and community

Schedule A to Staff Report 2021-0096

	climate change, providing an educational toolkit and asking students to commit to climate actions both in class and at home.	<ul style="list-style-type: none"> • Five (5) cross-curricular lessons that inspire environmental stewardship in the classroom and beyond; • Provide an educational toolkit to each participating classroom. 		engagement categories. The Environment Committee would have liked to see more information on the project timeline, project partner commitments, and specific project evaluation metrics that were being collected.
Ontario Streams <i>"Caledon Headwaters Rehabilitation Initiative 2021"</i>	This project will complete in-stream restoration and enhancement, including waste removal; removing invasive plants; and Atlantic salmon egg incubation. The project will engage with the Caledon community and local schools.	<ul style="list-style-type: none"> • Clean up 700m along Boyces Creek; • Five (5) classrooms from different local schools will participate in releasing 500 Atlantic salmon fry; • 540 metres squared of invasive species removal; • Planting of 600 native trees and shrubs; • 30 volunteers and students are anticipated to be engaged throughout the project, pending COVID-19 restrictions. In-person events will be made virtual if needed. 	18.33	<ul style="list-style-type: none"> • Recommended for full funding.
Village of Inglewood Association (VIA) <i>"Resilient Inglewood"</i>	Deliver a series of workshops to develop a localized plan for the Village of Inglewood to build resilience against climate change. This project is delivered in partnership with the Oak Ridges Institute for Applied Sustainability.	<ul style="list-style-type: none"> • Deliver four (4) events, including two (2) participatory workshops; • Engage approximately 100 Caledon residents; • Produce an action plan and community climate change asset map; • Establish community steering group to work with existing partners and deliver projects. 	16.33	<ul style="list-style-type: none"> • Recommended for full funding
