Changes in the Status of Capital Projects as of December 31, 2020	Q4 2020	Current			
Classifications/Capital Projects	Expected Completion	Expected	Schedule Status	Explanation	Approved Budget
Pond design, maintenance and operation activities	Q2-2021	Indeterminate	On Hold	Drainage Study for the George and McFaul area is currently on hold as implementation of the preferred solution requires coordination with the Region of Peel. The Region is currently completing a State of Good Repair Study in the area. Once the Region's study is complete, the Town and the	
18-096 Alton Park Multipurpose Track				Region will work together to complete implementation.	655,000
Construct a pump bike track and junior skatepark facility at Alton Ball Park.	Q4-2021	Q3-2021	Advanced	Work to be complete for Q3-2021.	325,000
19-167 2nd Line West Trailway Restoration Design and implement a planting plan for the extracted area of the 2nd Line West road allowance.	Q2-2022	Q4-2022	Delay	Discussion ongoing with Credit Valley Conservation regarding trail development and ownership of project.	427,021
20-028 Stormwater Management Program The Stormwater Management Program consists of rehabilitating stormwater	Q2-2021	Q4-2021	Delay	Rehabilitation of Stormwater Management Pond 16 has required additional	
facilities, particularly ponds to ensure that they will operate as designed. Items such as removal of sediment and vegetation controls are primary maintenance activities for ponds to ensure that stormwater is managed and reduces risk of flooding in areas of installation. Maintenance of storm inlets, channels, sewers, and outlets are also required. The Stormwater Management Program also includes all necessary soils, design/Environmental Assessments (EA's) and implementation studies including non-Ontario Structure Inspection Manual inspections as well as Drainage Easement Program required to complete the required rehabilitations for various locations		Q, 1011		analysis due to significant changes within the drainage catchment since the initial implementation of the Stormwater Management facility 40 years ago. The project was temporarily delayed as the Town worked with TRCA and is now on-track to be completed in 2021.	2,000,000
20-059 Fibar Playground Surface Top-Ups	04 2021	02 2021	Advanced	Contract outerday, contractor will complete in casing 2021	
Top-up the wood mulch play surface at Fountainbridge, Vincos and Beryl Bland Park. 20-070 Hardball Diamond Planning and Design - Emil Kolb Parkway and Duffy's	Q4-2021	Q2-2021	Advanced	Contract awarded, contractor will complete in spring 2021	20,000
Lane Design of hard ball diamonds on TRC tablelands at Duffy's Lane and Emil Kolb	Q4-2021	Q4-2022	Delay	Updated timeline based on design and staff turnover	
Parkway. 20-150 Caledon Trailway Improvements					1,630,000
Caledon Trailway Improvements; bike repair stand, kiosk, metal and stone benches, and Cardwell Junction Enhancements. 20-151 Emergraphy Storm Repairs Charle Caute Essement	Q2-2021	Q4-2021	Delay	Delays with building process due to Covid-19 delays	50,000
20-151 Emergency Storm Repairs Sherin Court Easement Emergency storm repairs at Sherin Court Easement 21-014 Rehabilitation of Caledon Trailway Bridges	Q1-2021	Q2-2021	Delay	Final site restoration tentatively scheduled to be completed in May	
The scope of the project involves rehabilitation of four pedestrian bridges along the Caledon Trailway. The scope for each bridge is as follows:	Q3-2021	Q4-2022	Delay	Revised timelines per design and permitting requirements and Investing in Canada Infrastructure Program (ICIP) grant funding.	600,000
21-035 Playground Improvements This project provides for the replacement or improvements of existing play structures and surrounding surfaces that are beyond their useful service life.	Q3-2021	Q3-2022	Delay	Covid-19 Deferrals projects from previous year are current priorities	351,000
21-038 Park Asphalt Path Replacements This project provides for the replacement of existing asphalt pathways in the following parkland: Moffatt Park (Ward 5) Caledon Village EPA lands from Giles Road to Aveilino Court and Kennedy Road to Giles Road (Ward 1) St. Michael's	Q2-2021	Q3-2022	Delay	Covid-19 Deferrals projects from previous year are current priorities	
Court to Kingsview Drive (Ward 5) 21-041 John Clarkson Park Ice Track Completion					150,000
The purpose of this project to complete installation of chillers, an appropriate storage facility for the chillers and an appropriate storage facility for an ice surfacer required to maintain the ice track, and the purchase of a truck for the staff identified below and an ice surfacer to complete the ice track at John Clarkson Park.	Q3-2021	Q4-2021	Delay	Staff turnover has delayed project slightly	430,000
21-092 RJA Potts Park Parking Lot Lifecycle replacement of RJA Potts Park parking lot.	Q2-2021	Q3-2022	Delay	Covid-19 Deferrals from previous year are current priorities	50,000
Finance 18-146 Asset Management Plan and Policy					
To continue implementing the multi-year infrastructure Asset Lifecycle Management System and Workorder System. This Project will provide effective and efficient business processes to manage the complete asset lifecycle by delivering streamlined processes and procedures and providing accurate, timely and consistent information and data. The work commencing in 2018 will include the creation of a strategic asset management policy, review of current and proposed service levels for each asset category and ensuring the required business processes are implemented within the new Asset Management and Work Order System.	Q2-2021	Q1-2022	Delay	FCM grant awarded allowing additional work to be undertaken in this project. 1 year extension provided by the province on the 2021 AMP Ontario regulation timelines and our consultants project manager left the firm causing a delay in the project.	150,000
19-071 Transit DC Study Start a Development Charges (DC) Background Study specifically for Infrastructure related to Transit Services in Caledon in order to pass a by-law and development charge for Transit Infrastructure.	Estimated completion date to be provided in the Q1	Q4-2021	Resumed	Creating a workplan to complete the Transit DC background study by the end of 2021	
21-032 Corporate Asset Management	Capital Status update				80,000
This project will allow the Town to establish a framework that can help in consistently tracking relevant asset data including performance parameters and help build a repository of key performance indicators (KPI) over the next 5 years. Fire	Q2-2022	Q4-2022	On Hold	A 1 year extension was provided by the province on the AMP Ontario regulation timelines in March 2021 due to the pandemic. This allows Staff to have more time to complete this phase of the Ontario regulation. The delay occurring in capital project 18-146 impacts this project as well.	100,000
20-035 Concept Design Work for the Expansion of the Palgrave and Mono Mills					
Fire Stations Complete the architectural design and site plan approvals for the expansion of Palgrave Fire Station 306 and Mono Mills Fire Station 308. The project will include a full design of the buildings, completion of the site plan and a Class B cost estimate for the construction budgets. Design will include the addition of a ventilated bunker gear room, training room and washrooms and bring the facilities into compliance with National Fire Protection Association	Q1-2021	Q4-2021	Delay	21-030 consolidated with design work, updated completion timeline reflects construction work	
(NFPA) requirements. 20-109 Large Fire Apparatus Replacement (2)		0.000			962,500
Replacement of 2 Large Fire Apparatus that have reached the end of their 20 year life cycle Office of CAO	Q2-2021	Q4-2021	Delay	Vehicle spec strategy updated, 2 vehicles now in production	2,252,193
18-071 IT - Tax Management Software Replacement					
This project is required to replace the current Tax Management system to provide better internal controls, efficiencies through the automation of tasks/functions, and better customer service. Further, vendor support for the Town's current tax software has not been timely in recent years, which is a major concern as the Town's tax system is a mission critical system. Additional for the time to the tax of the tax is the click of the tax benefits.	Q2-2022	Q4-2022	Delay	Have now entered into a pilot program with a software in development. Project is back on track for end of 2022 completion.	570.000
functionality is necessary to support Caledon as it continues to grow. 18-125 IT - Public Sector Network Extension					570,000
To expand and enhance the existing Public Sector network fibre network to Town facilities to provide resiliency within the existing fibre network, and to expand network connectivity to remote Town facilities.	Q1-2021	Q4-2022	Delay	Original scope (Bolton loop) completed, however scope expanded to include expansion to Inglewood with savings of Bolton project and this section will take until end of next year to complete.	200,000
19-128 Energy and Environment Projects Waste retrofit at CCRW and update of the Town's Corporate Green Building Standard	Q1-2021	Q3-2021	Delay	Original scope changed through CAOs office to include more facility types in	68,928
Standard 19-138 IT - Amanda Enhancements				energy modeling.	00,928

	Q4 2020	Current			Approved
Classifications/Capital Projects	Expected Completion	Expected Completion	Schedule Status	Explanation	Budget
Continued resources to develop and enhance AMANDA software functionality	Q3-2021	Q4-2021	Delay	Delayed one quarter due to Covid-19 priorities and planning staffing delays.	
o increase usability and future customer service capacity. 10-039 Closed-Circuit Television (CCTV) Camera Replacement					210,60
Replacement of cameras that have reached end of life and purchase and install	Q2-2021	Q4-2021	Delay	This project will be delayed to accommodate a staffing vacancy and	75.00
of additional cameras for 6 locations to support Town video security. 20-051 Energy and Environment Projects				reprioritization of work.	75,00
<ol> <li>To expand the waste retrofit project to additional facilities, using created communication materials, waste bin infrastructure and education campaigns.</li> </ol>	Q2-2021	Q4-2021	Delay	Delayed due to covid because we were unable to do baseline and post audits of the waste system to inform the retrofit since the facility was not being fully	
This program will also identify opportunities to reduce single use plastic items, a				utilized. Staff are adjusting the project scope to proceed without the audits,	
commitment made by Regional Council, July 2018. 2) Corporate Green Fleet Strategy - Transportation represents the largest				given the state of the pandemic.	
source of community GHG emissions (45%) and the second largest source of					
corporate emissions (42%). As part of the Council Approved Corporate GHG Reduction Strategy, the Town is seeking to reduce transportation related					
emissions by 30% below 2017 levels. A significant strategy identified in the Plan					
to achieve this, is the development of a Corporate Green Fleet Strategy, to closely examine and model the Town's existing fleet uses and identify, prioritize					
and create the business cases for, lower carbon options that can be undertaken with fleet asset renewal.					
3) These funds will support Energy and Environment Staff in estimating 2021					
utility budgets and support the implementation of the Town's Community Climate Change action plan; and					
4) the West Bolton Sustainable Neighbourhood Retrofit Action Plan.					103,07
20-054 IT - Infrastructure Upgrades and Security Enhancements ncludes the Implementation of recommendations from the Cyber Security	Q1-2022	Q2-2022	Delay	ITSM continues to be delayed due to staffing vacancies in HelpDesk. Expected	
audit, the purchase of an updated IT Service Management system, and			,	to be back to full capacity by Q3 to get this project back on track.	
elephone system enhancements. 21-113 Bolton Downtown Revitalization Plan					225,00
This capital project is to set aside funds to execute the deliverables in the Bolton Downtown Revitalization Plan which will be presented to council before the end	Q4-2025	Q2-2024	Advanced	Project adopted March 30, 2021 and will take place over 3 years.	
of the first quarter of 2021. The Plan will have short and long term					
recommendations to revitalize the area. Specific details and suggested costs for mplementation will be included in the report. This project also includes a					
Community Improvement Plan (CIP) update for Bolton.					175,00
