Town of Caledon

6311 Old Church Road

Caledon East, Ontario

L7C 1J6

Dear Ms Herd:

Re: Downtown Bolton Revitalisation Project Task Force

As you are aware the Town has adopted the report of the consultant on Downtown Bolton Revitalisation. One of the recommendations of the report was the establishment of the Downtown Bolton Task Force to include various representatives of the community as described in the report.

The Downtown Bolton BIA submitted the names of two Board members to represent the BIA, however Council accepted the nomination of only one.

I would point out that the recommendation was to “include” one BIA board member, not confined to only one. Further, I am advised that Council has appointed three in the category of downtown business owners, although the recommendation there was also for only one member.

Only persons who actually own property and/or a business in downtown Bolton qualify for membership in the BIA. Those business and property owners who make up the membership of the BIA are the group with the most to win or lose from the revitalisation project.

Therefore I would respectfully ask that Council reconsider my original nomination of Bryan Gnida and Joe Sodhi and add Mr Sodhi to the Task Force as an additional representative of the Downtown Bolton BIA.

Thank you very much for your assistance.

Yours very truly,

Jean P. Carberry, Chair Downtown Bolton Business Improvement Area
