

Dear Sir/Madam,

I am writing to oppose the proposed development.

- Increased traffic due to the large amount of people and vehicles. Compromising road safety and noise
- Traffic light will back up residents from being able to get out
- The parks and trails will be overloaded.
- Our peace and enjoyment will be disturbed due to noise
- Walking on Glasgow is already a problem due to cars this will endanger us further
- Increased population will put stress on schools

Thanks,

--
