Hi,

Yes I would like to use my previous submission. I am still concerned about:

- Noise and light pollution
- Increased traffic
- Lack of sewers
- Lack of water supply

Thank-you,

Sante

**Your Message:**

Hello,

I received a notice of an application for a proposed OPA and Zoning By-Law amendment application. I own the property directly to the west (6923 King Street). I am concerned about the application as I feel it will impact my family's health and safety and my property directly. I would like to execute my right to participate in the process, and ensure my concerns are considered as we are directly impacted by the proposed project.

I would appreciate confirmation of receipt of this concern raised, and would like to discuss the next steps.
