

Consolidated Linear Infrastructure Permissions Approval Program

BACKGROUND: HOW WE GOT HERE?

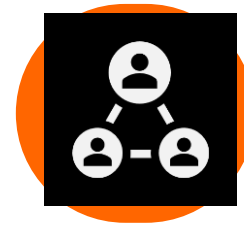

CONSOLIDATED LINEAR INFRASTRUCTURE
ENVIRONMENTAL COMPLIANCE APPROVAL
CLI-ECA PROGRAM

What is this?

A provincially mandated change in the approval process for stormwater infrastructure projects.

Who is impacted?

All Municipalities in Ontario and several Town departments.

How do we respond?

- Enter into CLI-ECA Agreement with the Province
- Prepare an Implementation Plan
- Identify Resources to Action the Plan
- Initiate the CLI-ECA Program in 2023
- Monitor, Maintain and Report on Program

CONSOLIDATED LINEAR INFRASTRUCTURE
ENVIRONMENTAL COMPLIANCE APPROVAL

Scope of Program

1

Pre-authorization of public stormwater projects

For low risk stormwater works that meet minimum standards and criteria

2

More Stringent Erosion and Sediment Controls

Specific monitoring and reporting requirements

3

Robust Inspection, Maintenance and Monitoring Program

4

New Stormwater Design Requirements

5

Tracking and Reporting

Key
Outcomes

No Duplication of Stormwater Reviews

One-Stop, Faster Approvals Process

Enhanced Environmental Protection

Provincial Compliance and Oversight

Improved Oversight on Development

Implications for Caledon

The Town is now the approval authority on the CLI-ECA

New Processes, Procedures & Documentation

New Program Requirements

Increased Compliance Oversight

Annual Reporting to the Province and the Public
