

Dear Sir,

Thank you for the assistance that you provided on June 9.

I have read the "PUBLIC NOTICE" and the sketch of the "Subject Property".

I have also read the emails of Jane Ansara and Mary Cooney dated June 6.

Troubling issues are raised by both.

I share their concerns.

Would you kindly forward to me, the following material:

- i A copy of the "proposed Zoning By-law Amendment application";
- ii A copy of the "Participant Request Form" for live, in-person participation if necessary;

and the following information:

- iii The date, time and place of the "Earliest Planning and Development Committee Meeting Date: June 21, 2022," if it has been set;
- iv Does the Planning and Development Committee have the jurisdiction to address the concerns and questions raised in these two emails at the proposed meeting?
- v In the fifteen years of "the rule of 'H'", there have been many complaints.
 - (a) Has there been an investigation by an Officer of the By-Law Enforcement Office for an alleged breach of "the noise by-law", By-Law No. 86-110?
 - (b) Has there been an investigation by an Officer of the By-Law Enforcement Office for an alleged breach of "the nuisance by-law", By-Law No. 95-67?
- vi (a) Has there been a prosecution for an alleged breach of "the noise by-law", By-law No. 86-110?
 - (b) Has there been a prosecution of "the nuisance by-law", By-law No.95-67?

(Note: "Investigation" is understood to mean the "Job Description" for the hire of an "Officer, By-Law Enforcement" for the Town of Caledon , dated May 3, 2017.

This job description includes:

"Conduct inspections and investigations of alleged Bylaw . . . infractions";

"Employ appropriate investigative techniques to gather and analyze evidence. Develop and implement investigative plans for conducting interviews, obtaining cautioned statements, conducting surveillance, seizing and documenting evidence etc.")

Yours truly.

Tony

("Eric Anthony Williams" is on the letter containing the Public Notice)
