This is in relation to Proposed Official plan Amendments regarding 12862 and 12668 Dixie Rd, Files #'s POPA 2021-0004 and RZ 2021-0006. My family and many of our neighbours are becoming more and more concerned with the on-going rezoning of Prime Agricultural Area land in Caledon. Especially in these times of ever-rising food prices, very serious consideration should be given to eliminating high-quality agricultural land which could provide local products at low prices (not to mention lowering carbon emissions by reducing food imports) to everyone in Caledon. If this land is paved over, that food security would be lost forever. It seems very short-sighted to take away this source of food and jobs for the short-term gain of a few developers. Please consider rejecting this and other similar applications on such critical long-term agricultural resources.
