Subject: Agenda item 15.2.2 Illegal Trucking

To our valued Mayor and Council,

I am writing in reference to Agenda item 15.2.2 Illegal Trucking - Council Meeting September 24, 2024

The Trucking situation in Bolton is absolute chaos. I am fortunate enough to work very close to my home but my family and friends have to travel on Hwy 50 each and every day and I worry about their safety all the time.

I have seen trucks make illegal u turns, pass cars at high speeds and even not use proper signaling which has left drivers at their mercy. This has to STOP!

The situation at Hwy 50 and Major Mack (turning West onto Major Mack) is another safety concern in that vehicles make u turns after the intersection, cut off vehicles already in the lane turning left and stop in the driving lane with their left signals on causing a back up all the way down Hwy 50. Why are OPP not present?

Unfortunately the deaths and accidents that have happened in recent years have hit close to home and what angers me more is that those deaths could have been prevented.

Mayor, Annette Groves and Council please help the community of Bolton. Get these Trucking yards out of our Community to keep our roads safe, to allow us all to get home to our families and to not have another life lost to the insensible driving that is happening on our roads just outside our subdivisions!

Regards, a very angry Bolton resident
Tina DiDomizio
