

Dear Town Of Caledon Representatives,

I, Jodie Kirkpatrick, am writing to express my opposition to the town's proposal to construct a cricket field in the village of Inglewood without first having consulted the community. It is important that the use of the spaces within the community first and foremost meet the needs of the residents within that community. The residents need to be afforded the right to provide input on recreational opportunities that are being proposed in our community.

I am requesting that the council refer this matter back to staff to work with the residents in the Inglewood community on what types of recreational activities can be added to our parks to ensure they bring value to those that live here. I would also like to ensure that the residents whose homes are in such close proximity to the proposed space have the appropriate knowledge of the proposed change in use of the space given and assurances that their properties will be adequately protected.

Sincerely,
Jodie Kirkpatrick
Village of Inglewood Resident
