

## Motion

Subject: Request for an Erosion Risk Management Program and Remediation Efforts for 5 Carroll Court

Member of Council: Councillor N. de Boer

Meeting Motion Considered At: September 9, 2025 General Committee Meeting

---

### **PROCEDURAL PROCESS:**

In accordance with Section 8.10.1 of the Procedure By-law, as amended, the Clerk shall place deemed completed notices of motions on the specified relevant meeting agenda as a motion for Council or Committee consideration.

---

### **MOTION:**

Whereas the property at 5 Carroll Court, Palgrave has experienced slope erosion from the Toronto and Region Conservation Authority (TRCA) property behind; and

Whereas the erosion has impacted the chain link fence between said property and the TRCA lands; and

Whereas TRCA does provide an Erosion Risk Management Program to municipal partners that have provided funding specifically for Fatigue Risk Management Plan (FRMP), for example the City of Toronto; and

Whereas the City of Brampton also partners with TRCA for Erosion Monitoring and Remediation; and

Whereas TRCA is the largest landowner in Caledon abutting many private properties as well as town owned infrastructure; and

Whereas the funding for TRCA is through the Region of Peel; and

Now therefore be it resolved that a report regarding an Erosion Risk Management Program be developed by staff to address both public and private inquiries, any remediation needed, with the opportunity for comments or consultation extended to the Toronto Region Conservation Authority and Region of Peel, and prepared in alignment with similar City of Toronto programs, for consideration as part of the 2026 budget process; and

That remediation efforts be developed for the property at 5 Carroll Court, Palgrave with staff recommending a funding source.
