**Chairman & Members of Planning Committee**

Planning and Development Committee  
Town of Caledon, 6311 Old Church Rd.  
Caledon ON, L7C 1J6

**Subject:** *14747 The Gore Rd. - Multi Modal Transportation Master Plan*

Dear Members of Committee, on behalf of Cloverfield Homes Inc., Corbett Land Strategies (CLS) is requesting consideration of a revised collector road network as it pertains to the subject lands. On October 29, 2025, the Town presented three collector road network options and requested comments from the industry. On November 28, 2025, CLS submitted a letter to Planning Staff as well as through the online commenting portal supporting the design displayed as 'Option 2' in the October presentation.

Upon review of the road network options being considered during the February 10, 2026 Planning and Development Committee meeting, we noticed that previous 'Option 2' is no longer being proposed. Respectfully, we request reconsideration and/or further discussion with our client on this matter.

Sincerely,

*Jason D. Mosdell, MCIP, RPP*  
*Director of Development Planning*
