TOWN OF CALEDON – DEPARTMENT COMMENTS

The following departments have no concerns with the amendment:
- Community Services, Building Services – October 28, 2016
- Community Services, Development Engineering – April 18, 2019
- Community Services, Fire and Emergency Services – June 14, 2019
- Community Services, Heritage – April 10, 2019
- Community Services, Landscape – April 1, 2019
- Community Services, Zoning – September 5, 2019
Finance and Infrastructure Services, Finance – September 13, 2019

Comments:

- Property at 12259 Chinguacousy Road is currently assessed as mostly Farmland ($1.88 million CVA). The Town’s share of taxes levied, based on current value assessment is approximately $2,300. As at September 13, 2019, the property tax account is determined to be current.

- If the proposed development (includes 222 single family dwellings) were to proceed as planned, the property’s taxable assessment value would change to reflect the developments that would have taken place.

- Any future development would be subject to Development Charges as follows:
  1. Town of Caledon: $30,435.76 per single, or semi-detached dwelling;
  2. Region of Peel: $54,966.42 per single or semi-detached dwelling. Effective February 1, 2016, the Region began collecting directly for hard service Development Charges (i.e. water, wastewater and roads) for all residential subdivisions, except for apartments, at the time of subdivision agreement execution.
  3. School Boards: $4,572 per any residential dwelling; and
  4. Go-transit: $564.97 per single or semi-detached residential dwelling.

- The Development Charges comments and estimates above are as at September 13, 2019 and are based upon information provided to the Town by the applicant, current By-laws in effect and current rates, which are indexed twice a year. Development Charges are calculated and payable at the time of building permit issuance. Development Charge By-laws and rates are subject to change. Further, proposed developments may change from the current proposal to the building permit stage. Any estimates provided will be updated based on the Development Charges By-law and rates in effect at the time of building permit, and actual information related to the construction as provided in the building permit application.
