None.

CONFIRMATION OF THE MINUTES

Moved by: Councillor I. Sinclair - Seconded by: Councillor C. Early 2020-1

That the December 17, 2019 Council Meeting Minutes, be approved.

Carried.

DELEGATIONS

John Rutter provided a delegation with regards to Item 8.1.1 Memorandum: Supplemental Information for Consideration as part of the ecoCaledon Climate Emergency Delegation. Mr. Rutter advised that he agrees with the content of the memorandum and indicated that several local governments have already declared a climate emergency. Mr. Rutter expressed that in his opinion declaring a climate emergency provides measurable actions for the municipality. He concluded that in his opinion climate change is increasingly hard on infrastructure and the severity of different weather patterns are beginning to affect farmers and vegetation. He requested that Council take the necessary actions to declare a climate emergency.

COMMITTEE RECOMMENDATIONS

Moved by: Councillor C. Early - Seconded by: Councillor I. Sinclair 2020-2

That the motion be referred to the Procedural By-law Committee.

Carried.

Moved by: Councillor J. Downey - Seconded by: Councillor I. Sinclair

2020-9

That the January 15, 2020 Code of Conduct Meeting Report, be received.

Carried.

PRESENTATIONS

Donna Ferron and John MacRae, Co-chairs, ecoCaledon and Carolyn Vallejo, Co-chair, Gratitude for Food Caledon provided a presentation regarding Declaring a Climate Emergency. They defined the term 'climate change emergency' and stated how climate change currently impacts the Town of Caledon. The presenters requested that the Town of Caledon declare a climate emergency.

Moved by: Councillor A. Groves - Seconded by: Councillor J. Innis

2020-10

Whereas the Intergovernmental Panel on Climate Change (IPCC) states that human activities related to the burning of fossil fuels have warmed the earth on average 1°C;

And whereas to avoid unmanageable impacts of climate change, warming should be limited to 1.5°C, which would require a 45% decline in global greenhouse (GHG) emissions from 2010 levels by 2030 and reach net zero by 2050;

And whereas *Canada's Changing Climate Report* indicates that Canada is warming at twice the global rate, resulting in temperature and precipitation extremes leading to forest fires, flooding and heat waves with some of these impacts already experienced locally;

And whereas Canadians have among the highest per person GHG emissions in the world, and municipalities have control either directly or indirectly over 60% of Ontario's GHG emissions;

And whereas the Town recently completed a Corporate Greenhouse Gas Reduction framework to achieve GHG emissions reductions of 24% by 2024 in the areas of fleet, waste, buildings and water;

And whereas the Town is developing key strategies that will significantly contribute to the Caledon's ability to cope with and address climate change, including the Town's Community Climate Change Action Plan Update, the Official Plan review and the Asset Management Plan;

And whereas addressing climate change at the local level will result in significant community benefits including local economy stimulation through job creation and new technology development, improved public health and reduced inequality;

And whereas over 400 municipalities across Canada have declared climate emergencies, recognizing the need to address climate change urgently and to call on Provincial, Federal and national governments to accelerate action on climate change;

Now therefore be it resolved that a Climate Emergency for the Town of Caledon be declared, for the purpose of recognizing that climate change is an immediate threat to residents, the economy and the environment and to build awareness and capacity for the Town to mobilize significant action on climate change.

And that staff be directed to report back on the actions that are required by the Town and community to reduce local GHG emissions, aligned with the 1.5°C warming scenario as recommended by the IPCC.

Amendment #1

Moved by: Councillor L. Kiernan - Seconded by: Councillor J. Innis

That the following paragraphs be added:

That the Town of Caledon lead by example and eliminate the use of single-use plastics from the Council Chamber no later than February 29, 2020; and

That staff be directed to report back with a strategy of the banning of all single use plastics at all town facilities.

Carried.

Upon the question of the main motion, moved by Councillor A. Groves and seconded by Councillor J. Innis, as amended by Amendment #1, a recorded vote was requested and taken as follows:
